Request for Non-Wine Donations

Stone Bridge School of Napa Valley is proud to present our annual fundraiser, "Extravaganza!" Live & Silent Auction! This year we are celebrating the richness of the imagination and the nuggets of wisdom that fairy tales of far away lands have brought to our children and us with an evening of *Fairy Tales and Far Away Lands*. In addition to community bonding and frivolity, there will be food, music, dancing, games, and live and silent auctions throughout the evening.

Your gracious Non Wine Donations are integral to our success!

Why is stone bridge school special? Well…as a Waldorf-inspired charter school, the curriculum utilizes a developmental model of the growing child to awaken each individual child's full and unique potential. By educating on the wings of art, music, and dance, the public Waldorf curriculum engages active will, creative imagination, and clear, independent thinking.

Proceeds from the event will directly support Stone Bridge School, the only Waldorf-inspired elementary and middle school in Napa County. Our campus is currently home to over 260 students from K- 8th grades. As a public charter school, we face the same economic challenges as our fellow public schools. Despite these challenges, we continue to develop our campus, embrace green and sustainable practices and support our unique curriculum.
